

Dear Musical Explorers,

My name is Anders! I play guitar and sing, mostly country, but I like blues and rock-n-roll too. I started when I was 12 rock-n-roll too. I started when I was 14 I started to play years old. When I was 14 I started to play professionally. I still had to go to school professionally. I have though, so I only played part-time. I love playing music because it makes people happy and that makes me happy! I have happy and that makes me happy! I have played in lots of places and I hope I get to played in lots of places and I hope is keep doing it for a long time. And I hope you get to play some music so we can make each other happy.

Your friend, Anders
