

Meet Kaia!

Hi there, Musical Explorers!

My name is Kaia, and I sing and play folk music. A lot of the songs come from a long time ago—the way you learn them is by listening and paying attention to musicians who are older than you are. I grew up in Canada learning about and listening to all kinds of music, but I went to college in the mountains of West Virginia so that I could learn more of these kinds of songs. I'm looking forward to singing them with you too at our concert in December!

See you then!
Kaia
