

Meet Elena!

Hi everyone!

My name is Elena, and I'm excited to share songs with you all soon. I was born and raised in the mountains of East Tennessee, but my parents immigrated to this country from South Korea. Many years ago, I began to learn more about my cultural roots by exploring two of my favorite things: music and food. With the help of family and friends, I started a little journey of listening to, learning about, and reimagining folk and children's songs from Korea and all over East and Southeast Asia. That journey continues today, and I look forward to singing and sharing some of these songs with you!

With gratitude,
Elena
